

Black Dog: The Dreams of Paul Nash

Best known for his collaborations with Neil Gaiman, Dave McKean defied expectations with his stunning debut as writer and artist in *Cages*, winner of multiple awards for Best Graphic Album. Dark Horse proudly presents a new original graphic novel by the legendary artist based on the life of Paul Nash, a surrealist painter during World War I. *The Dreams of Paul Nash* deals with real soldiers' memoirs, and all the stories add up to a moving piece about how war and extreme situations change us and how we deal with the resultant pain-in Nash's case, by turning his landscapes into powerful and fantastical "psychoscapes."

Review

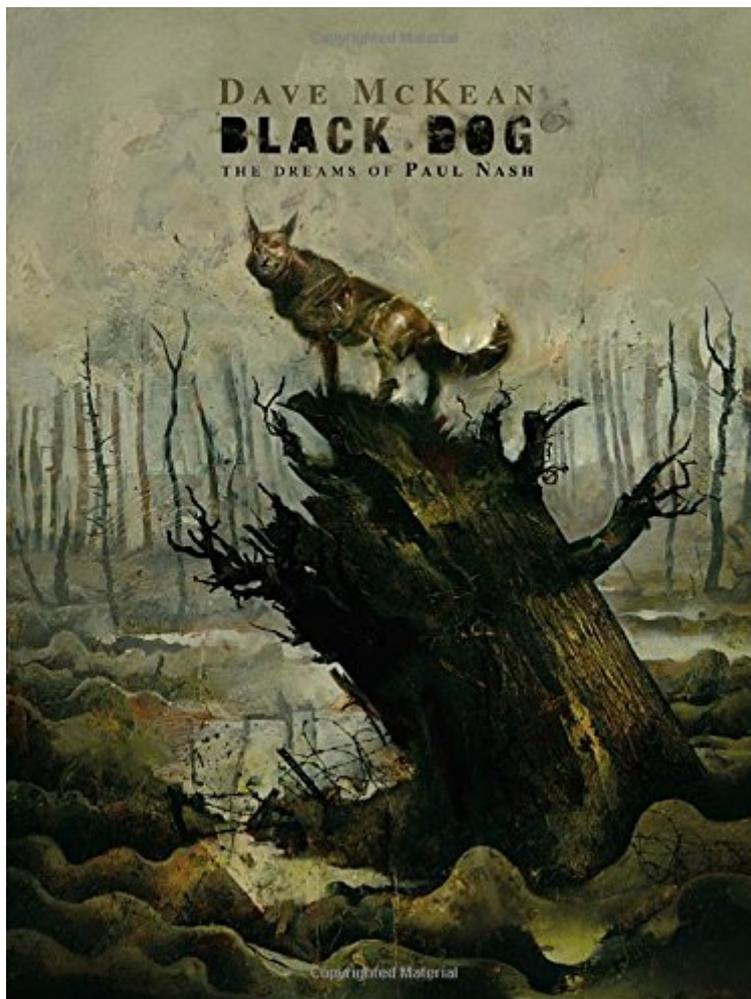

"Renowned artist Dave McKean turns his considerable creative skills to the life of Surrealist World War I painter Paul Nash in this original graphic novel... A fever-dream exploration of Nash's wartime experiences, the injury that sent him back to London, and his startlingly original works of art that reflect a world maddened by violence and darkness." -- ***Broken Frontier***

"A clever, profound and eloquent beast." -- **Page 45**

"Black Dog isn't an easy read, nor is it a comfortable one, but it's most definitely an important and rewarding one. McKean has done a truly impressive job of putting together this incredibly moving piece of work, and while I'm fully aware that the dense, surrealist style isn't necessarily going to be everyone's cup of tea, I can still heartily recommend this graphic novel. 4.5/5" -- ***Big Comic Page***

Dave McKean is an illustrator best known for his work with Neil Gaiman, and especially the covers for his acclaimed *Sandman* series. After a trip to New York in 1986 in which he failed to find work as a comics artist, he met Gaiman and began a fruitful artistic partnership which has lasted over 30 years. He lives in Maidenhead.
