

Maravilla

Enrique Barrios decided in this work speak in first person, thus becoming the protagonist of his story and thus creating a fascinating "reality novel" that catch the reader irreparably. After the vicissitudes of his exciting story, Enrique Barrios shows with great humility and sincerity, giving the spiritual and paranormal experiences that lead him to begin his work as a writer and that would cause a total turnaround in his life. The main message was that he "everyone lives in the universe that is able to imagine."
