(Do you want to brush up on your Spanish the fun way? Reading short stories is an effective and entertaining way to improve your reading skills and learn new vocabulary.)

I am myself a Spanish teacher and I am constantly looking for short stories for my classes. I just do not believe in the boring task of memorizing lists of vocabulary and grammar. And yes, there are thousands of “short stories for Spanish learners” out there on the internet. And you will probably learn a lot with those stories. But, are those stories entertaining? Am I the only one who has a hard time finding quality short stories in Spanish for Spanish learners? In general, I find the plot-stories very shallow and flat. In my opinion, there is not a lot of quality in the language learning community.

On the other hand, when you try to read Spanish literature meant for Spanish native speakers, the level is too difficult for you. That is why I decided to fill in that empty space in the language market.

I have always loved writing fiction. That is why I have decided to create entertaining short stories meant for Spanish learners. While writing this story, I wanted to create an entertaining plot story in a way that is optimal for Spanish learners. This is the first short story that I publish and I plan on publishing more. I really hope you enjoy the story.
